EXPERIENCE

3D Artist/Animator

Jan 2020 - May 2020

UNL New Media Team

Worked as the 3d artist and animator for the team. The goal of the project was to split into teams and produce a working VR game inside of the Unity game engine. Each team was composed of several computer science developers and a 3d artist. The artist was responsible for making all the game assets, animations, and implementing them into the game optimally. The artist also needed to make adjustments based on the development and game direction.

Freelance: Web Designer

Dec 2018 - Feb 2019

Grata Bar & Lounge

Worked as a solo developer redesigning Grata's website. Used skills such as HTML, CSS, Wordpress, and Elementor to produce a new website from scratch. The web designer was also responsible for setting up the SEO and host swapping.

Motion Designer

May 2019 - June 2019

TEDxLincoln

Independent motion designer tasked with designing a 3d intro video for the 2019 TEDx event at the Lied Center. The theme was disruption. The final product was a 3d animation made in Cinema 4D and composed in After Effects. Responsibilities also included making individual animations for each speaker's intro.

Graphic Design Intern

June 2018 - June 2019

Raising Cane's Office

Worked as the sole graphic designer for the local Raising Cane's restaurants. Responsibilities included creating social media ads, marketing materials, ticket ads for sporting events, internal programs, and welcome box designs for new employees. A monthly newsletter was designed for the crewmembers. T-shirt designs were also a big responsibility for the graphics intern.

ABOUT ME

Hey I'm Carter. I try not to take things too seriously. I build computers, play basketball, and geek out over video games. If I could be any character from the office I wish it would be Jim, but in all likelihood I would be Creed. One time I met Bill Nye during his workout while I was in New York. I waved at him, but he was busy with a pump.
